

Partnerships for a healthy Africa

VACANCY ANNOUNCEMENT

Chief Executive Officer

SRI Executive Search has been contracted by the African Comprehensive HIV/AIDS Partnerships (ACHAP) to assist with the search for an exceptional candidate to fill the position of Chief Executive Officer.

ACHAP was established as a public-private community development partnership in 2000 to enhance and support Botswana's HIV & AIDS response. Using a comprehensive approach, ACHAP has successfully supported HIV prevention, care and treatment in Botswana for more than 16 years with remarkable results. Key to the success of ACHAP support has been the focus on results, the ability to develop and manage partnerships with local communities, government, civil society, other development partners and the private sector.

ACHAP has transitioned from a Public Private Partnership to a self-sustaining independent NGO and prides itself as a health development organization. ACHAP now has a broader health mandate, wider geographical focus continuing to build on, and leverage on her core competencies in the field of HIV/AIDS, TB and related health conditions. ACHAP has strong governance and management systems which include; a diverse and active Board of Directors with separate Board of Trustees. Its main strengths include flexibility and innovation in programme design and implementation; evidence based programming and commitment to culturally relevant approaches.

ACHAP seeks to appoint suitably qualified, highly motivated and exceptional CEO to lead the organization forward to maintain excellence, growth and for long term sustainability. The organisation is looking for a strategic leader with business acumen, able to direct the overall operations and ACHAP's resources, make major corporate decisions and act as the main point of communication between the Board of Directors and the organisation as a whole.

Required Qualifications

Education

The ideal candidate should hold a Doctoral level studies in Public Health or Social Sciences, and/or Masters level training in Public Administration, Business Administration, Public Health or equivalent. PhD in the above areas or equivalent is an advantage.

Relevant Experience

- Eight to ten years as Chief Executive or Country Director of a recognized, high performing organization.
- An established record of innovation in disease prevention and treatment programs as a commitment to public health and/or reversing the HIV / AIDS epidemic in Africa
- In depth knowledge of the complexities and challenges of HIV/TB control in Africa.
- Ability to motivate the highly skilled professionals within the team and maintain a clear sense of priorities
- Understands the current and future challenges within the sector and the region in preparation for future strategies
- With proven entrepreneurial approach that helped develop, implement and adapt a new strategy into a meaningful contribution towards the HIV/AIDS or other health response for Africa.
- Liaised effectively with government, development, civil society and private sector organizations and to forge effective collaboration in a multi-stakeholder environment
- Must have well-established relationships with the leading funding and service agencies active in HIV / AIDS and health in sub-Saharan Africa
- Mobilised resources effectively to develop partnerships, fundraise and attract resources.
- Proficiency in the English language.
